GENALTIECE LTD

Current Project.

Currently, in Partnership with Ghana Bamboo Bikes, we are working on a bicycle sharing project. With our target market being University Institutions, Public and Private Institutions and our Residential communities.

Ps.

We are yet to take pictures of us working together as a team. So those ones will be coming soon.

But for now you can state briefly what our current project is about. I will also add a pdf so you can explain a bit on the project.
